OUT- GROWERS SCHEME;

Our out-growers scheme is designed to support smallholder farmers in Uganda, with a focus on Women farmers. We partner with small-scale coffee growers in Uganda to source for high-quality coffee beans.

The Scheme provides;

- i) Training and capacity building programs on sustainable agricultural practices.
- ii) Access to high quality inputs, such as seeds, Fertilizers, and Agricultural tools and equipments.
- iii) Technical support and extension services.
- iv) Market access and fair prices for their produce.

At Africoff Industries (U) limited, we believe in fair trade practices and ensure that our partner growers receive fair prices for their coffee.

Benefits of Out -growers Scheme;

The out-growers' scheme provides numerous benefits to smallholder

farmers, including

1. Improved livelihoods through increased income.
2. Enhanced food security through improved agricultural productivity.
3. Empowerment of women farmers through training and capacity-building programmes.
4. Improved environmental sustainability through the promotion of sustainable agriculture.

GENDER BALANCE AND WOMEN'S EMPOWERMENT:

We are committed to promoting gender balance and empowering women in agriculture.

Our goals include;

1. Increasing women's participation in agriculture through training and capacity-building programs.
2. Providing economic opportunities for women farmers and entrepreneurs.
3. Promoting women's leadership and decision-making in agriculture.
